Storm Preparedness – 30 sec.

What if a severe storm or tornado left you and your family trapped and without utilities? With downed trees and power lines, help may take days to reach you. Teach all family members how to find shelter. Preassemble emergency supplies, 3 days of food and water, flashlights, battery-operated radios, lots of batteries and a first aid kit. These things could save your lives. Store insurance policies and important documents in a waterproof, fireproof place. Plan for how you'll communicate if your family gets separated. For more information, go to ReadyWisconsin.wi.gov.
